

## **Download a CD with website contents.**

Now you can take the Ample Power web site with you.

The link below lets you download an image that can be written to a CD. The image is a *mirror* of the PDF files available on the Ample Power website.

That CD has data sheets, manuals, troubleshooting guides and all the other information available on this web site.

With this CD, you will have access to the website even when you can't connect to the Internet.

The CD is at least 8 Mb of data . . . a high speed connection is recommended.

**Download the Website CD**
